Harold,

Here's a little bit of stuff to get you started. I have more and will send on. I'm pressed for time right now and won't be back in Chicago until Late Sunday or Monday.

I'll recopy the Ray clips when I get back. I've also discovered some more material I didn't know existed.

I doubt if it is possible to get you all editior from Tuesday. I have so much stuff right now its a matter of finding time.

Also, they are on my back a little about calls etc. So lets keep them down if possible. My xerox load is also becoming noticable, but I can do that at night.

More to come.

A.
